2009 Women of EMS CALENDAR INFORMATIONAL SHEET

The calendar is produced by Long Island Fire & EMS Supplies. Together with great volunteers who donate their time and energy in making it all happen. The calendar is produced to raise and expand funds for the benefit of, and to otherwise aid and assist burn victims.

The production of the 2009 calendar starts Jan 1, 2008, and we hope you all will consider applying. This first page to provide you with a little background of what we are all about to better help you decide if the calendar is right for you. Thank you for your interest and good luck to you all.

The calendar started out as a little project to raise some money for a good cause as well as to get Long Island Fire and EMS Supplies name out. This is our second year but we expect it to grow and become nationally recognized in a couple of years.

The calendars are sold online, by the featured women, and at our attendance at numerous fire/EMS conventions throughout the year, at which the women personally autograph the calendars for the patrons.

If you are selected (selection process is done by an independent panel of professionals who review all of the information in your application packet), you will be giving your time to what we believe to be a worth while cause. You will gain friends that will last a lifetime, and you will be provided an opportunity to travel (all lodgings, airfare/transportation to conventions) will be paid for by Women of EMS. **Note: This Excludes travel to/from, lodging, and expenses for your initial photo shoot session, which is customarily takes place in Long Island, New York.
